

Trim Mamarita (THM FP)

Makes 4 servings

Ingredients:

- 6 fl oz Tequila
- 1/3 cup lime juice
- 1.5 tsp orange bitters
- 2 doonks THM Stevia
- 5 cups ice cubes (or 3 cups water for on the rocks)

Instructions:

In a large measuring cup, combine Tequila, lime juice, orange bitters, and Stevia.

If enjoying a frozen margarita, throw into a blender with ice until smooth.

If enjoying on the rocks, add water and mix well. Pour into glasses over ice.

NOTES:

You can rub a lime over the lip of your glasses and roll through Erythritol to enjoy a “sugared” rim, or mineral salt for a salted rim.

If you’re making this on the rocks, taste and see if it’s too strong. If so, just add more water!
